

Diffuseur d'arôme vapeur pour sauna Steamtech aroma steam box

Product description:

Steamtech Aroma Steambox sauna aroma diffuser

Discover our stainless steel aromatic diffuser, an innovative and effective solution for integrating aromatherapy into your sauna session. Here's why this diffuser stands out:

Ease of Use and Effectiveness

- **Simplicity of Operation** : Fill the diffuser with 2 liters of water, add your choice of aromatic liquid or concentrated aromas to the upper compartment, and let the stove heat the water to gently release the scents via steam.
- **Convenient Installation** : Designed to fit perfectly between two rows of resistance in the sauna, which optimizes heat exposure and maximizes diffusion efficiency.

Design and Construction

- **Durable Material** : Made of stainless steel, this diffuser is not only robust and corrosion resistant, but also elegant and easy to clean.
- **Compact Size** : With dimensions of 29 x 3.8 x 19.5 cm, it is compact enough to fit discreetly into your sauna space without taking up space.

Flexibility and Customization

- **Variety of Aromas** : Allows great flexibility in the choice of aromas, you can change

the fragrance according to your moods or needs, enriching each sauna session with a new olfactory experience.

- Suitable for All Types of Sauna : Whether your sauna is electric or wood-fired, this diffuser is compatible and adds a dimension of deep relaxation to the experience.

Security and Guarantee

- Improved Safety : Designed to avoid direct contact of oils with heating elements, reducing the risk of ignition or damage to the stove.
- 2-year warranty : Assures you of product quality and durability, with a comprehensive warranty for added peace of mind.

This stainless steel aroma diffuser is therefore the ideal solution for those who want to enhance their sauna experience with natural aromas without compromising the safety or efficiency of the heating system.
