

Professional descaler 1 Liter versatile universal food for steam generator and coffee maker, dishwasher etc.

Product description:

Professional descaler 1 Liter universal multipurpose food for steam generators, coffee makers, dishwashers etc.

Revolutionize the Maintenance of Your Appliances with Our Professional Express Descaler

Discover the power of our professional descaler, designed to effectively eliminate limescale and scale in all your appliances in contact with hard water. Give your equipment a second life and protect it against premature wear thanks to a fast and powerful formula.

Unique Benefits of Our Anti-Scaling Solution :

- **Fast and Effective Action** : Eliminates limescale and tartar quickly, restoring your devices to their original performance.
- **Extreme Versatility** : Ideal for a wide range of appliances, including coffee makers, steam generators, pipes, dishwashers, washing machines, and electric kettles.
- **Extends the Lifespan of Devices** : Prevents premature degradation by removing limescale, thus ensuring increased longevity of your equipment.
- **Respectful Formula** : Low foaming and non-corrosive for most metals and plastics, our descaler preserves the

integrity of your installations.

- **Deep Cleaning** : Effectively solubilizes organic and mineral matter, including limescale, guaranteeing deep cleaning.

Reinforced Anti-Corrosion Protection : Compatible with stainless steel surfaces, our formula offers a protective barrier against corrosion and rust, ensuring the safety and durability of your devices.

Simplified Instructions for Use :

1. Dilute 1 to 3% in hot or cold water.
2. Fill the device with the express descaler and activate the usual heating cycle.
3. Once heated, turn off the device and leave to act for 1h30 for maximum effectiveness.
4. Empty the device and rediscover its optimal performance, like the first day.

Transform the maintenance of your devices with our express professional descaler: a quick, effective and respectful solution to find impeccable and efficient devices. Don't wait any longer, give your equipment the care it deserves!
