

Mitigeur d'Evier de Cuisine 3 voies - Raccordement eau froide/chaude/filtrée - PUREWAVE

Product description:

3-way kitchen sink mixer - Cold/hot/filtered water connection - 360° rotation -

Discover the 3 in 1 mixer tap, an elegant and practical solution for your kitchen. This innovative faucet gives you the ability to connect both hot and cold water, while integrating a water filtration system, without requiring additional drilling on your sink or worktop.

Main Features :

- **3 in 1 versatility :** Allows you to connect hot water, cold water and a separate path for a filter cartridge, optimizing the space and functionality of your kitchen.
- **Wide Compatibility :** Designed to be compatible with the majority of filtration cartridges available on the market, this mixer easily adapts to your specific filtration needs.
- **Easy Installation :** Thanks to its clever design, this faucet eliminates the need for complex modifications to your countertop, simplifying installation.

Content of the Pack :

- **Flexible Connections :** Includes two hot and cold water hoses with 3/8 (12/17) fittings, and one filtered water hose with 1/2 (15/21) fitting plus a 1/2 hose adapter 4" (6.4mm).

- Optimized Dimensions : Total height of 310 mm, width of 155 mm, and depth of 230 mm. The required drilling diameter is 34mm, making it suitable for most standard installations.

This 3-in-1 mixer doesn't just provide a multi-use water solution; it also beautifies your kitchen with its modern design and careful finish, while ensuring optimal water quality thanks to the possibility of adding filtration. Simplify your daily life with this elegant and functional all-in-one solution.
