

# Portes coulissantes pour douche et hammam verre trempé SECURIT 6mm structure aluminium et poignée INOX

## **Product description:**

Transform your shower or hammam space with our quality sliding doors, measuring 140 x 190 cm. Designed to combine elegance and functionality, these doors add a modern touch to your bathroom while providing a convenient and secure experience.

The 6 mm SECURIT tempered glass doors bring a contemporary shine, while ensuring enhanced security. In the event of breakage, tempered glass reduces the risk of injury, providing peace of mind during every use. The aluminum structure, both robust and lightweight, guarantees long-term durability and facilitates the smooth opening of the sliding doors.

Enjoy the practicality of the sliding design, which saves space and simplifies cleaning. This innovative feature makes maintaining your shower or steam room area easier than ever, allowing you to spend more time relaxing.

The stainless steel handle adds a premium finish to the package, combining style and functionality. It not only offers an elegant aesthetic, but also a comfortable and durable grip.

Transform your daily routine into a luxurious experience with our sliding shower and steam room doors. Discover the perfect marriage of contemporary style, enhanced security and practical functionality.
