

Hand dryer Vitech double white air jet 1200-1800W Quick drying

Reference: REC - HSD-1688 blanc
EAN13: -

Hand dryer Vitech Automatic double-jet white air 1200-1800W Quick drying

Fast

Thanks to a powerful jet of air, located on either side of the drying area, it dries hands in less than 6 seconds

Economic - ecological

With a record drying time of less than 6 seconds, it instantly cuts off the drying when removing the hands.

This significantly reduces operating costs compared to other existing drying methods. (disposable towels etc...)

Hygiene - aesthetics

Its innovative design allows it to adapt everywhere. Its antibacterial drying area guarantees users compliance with standards as well as impeccable hygiene.
