

# Automatic Faucet and Integrated Dryer Vitech power dual Design, Ecological and Ergonomics

## Product description:

Automatic Faucet and Integrated Dryer Vitech power dual Design, Ecological and Ergonomics

**Revolutionize your health space with the Vitech power dual**, an innovative solution that combines an elegant automatic tap with an ultra-fast hand dryer. Perfect for industry professionals and owners of guest houses or Airbnb, this all-in-one product is designed to maximize the efficiency and aesthetics of your bathroom.

## Main features:

- **Superior Design and Ergonomics:** Designed in high quality brass, this elegantly designed tap offers durability and aesthetics, with compact dimensions of 154x284 mm, ideal for any modern sanitary area.
- **Optimal Place Gain:** Enjoy a double function in one device. This integrated tap/hand dryer frees space and offers a smooth and efficient user experience.
- **Ecological Performance:** With a power of 1150W and a drying speed of 100 m/s, this hand dryer minimizes energy consumption while providing fast, hygienic and environmentally friendly drying.
- **Easy and versatile installation:** Compatible with 110V/220V, 50/60Hz, this

---

product adapts to various environments, whether in public or private toilets.

- **Quality at a Affordable Price:** Offer your customers or guests a superior quality experience without compromising on design or performance, while respecting your budget.

Benefits to Customers:

- **Aesthetic Modern:** The Vitech power dual adds a touch of sophistication to any sanitary space thanks to its clean and modern design.
- **Space and Energy Economy:** Ideal for small spaces, this integrated tap/dryer allows to optimize the use of space while reducing the ecological footprint.
- **Superior Hygiene:** Thanks to automatic contactless activation, this product ensures optimal hygiene by reducing the risk of cross-contamination.
  
- **Food:** 110V/220V, 50/60Hz
- **Power:** 1150W
- **Drying speed:** 100 m/s
- **Material:** High quality brass
- **Dimensions:** 154x284 mm
- **Functionality:** Automatic valve with integrated hand dryer
- **Design:** Compact and elegant, ideal for confined spaces

Conclusion:

Choose Vitech power dual to combine design, practicality and ecological performance in your bathroom. Whether you are a professional or an individual, this integrated tap/dryer is the perfect investment to modernize your sanitary spaces with elegance and efficiency
